

Jomari M. Candido

Full-Stack Web Developer · BS Computer Science Graduate

jomaricandido18@gmail.com 0910 130 5953 Philippines jomaricandido.netlify.app
github.com/jomari18 linkedin.com/in/jomari-candido-26935a28a

Computer Science graduate and full-stack web developer with seven live web applications built with React, Next.js, TypeScript, Express, Supabase and PostgreSQL. Experienced with REST APIs, authentication and email OTP flows, row-level security, transactional database functions, offline-first PWAs, Docker, responsive interfaces and automated testing. Completed 300 hours of IT support training at the Department of Agriculture.

PROJECTS

ZariZari — Sari-sari store POS & inventory zarizari.netlify.app

React · TypeScript · Express · Prisma · PostgreSQL · Docker

- Point of sale with barcode scanning, cash, GCash and utang payments, 58 mm receipts, stock and credit limits, owner and bantay roles, and offline selling that syncs each sale exactly once.
- Own Express API in Docker behind a signed Netlify proxy, with rotating refresh tokens and argon2id; 583 unit and API tests plus 9 Playwright end-to-end tests in GitHub Actions.

C'est Délicieux — Restaurant ordering (web & Android) cestdelicieux.netlify.app

React · TypeScript · Supabase · Capacitor

- Menu search, persistent cart, pickup or delivery with distance-based fees, staff order dashboard and an Android build.
- Transactional order placement with price snapshots and safe retries; 79 automated tests.

ZolNutrition — Meal & nutrition tracker (web & Android) zolnutrition.netlify.app

React · Vite · Supabase · Capacitor

- Meal logging, saved meals, training and rest-day targets, seven-day review and weight trends; 37 automated tests.

Registrix — Student records & grading registrix.netlify.app

React · TypeScript · Supabase · PostgreSQL

- Rebuilt a C# Windows Forms and Access project for the web with role-based access for administrators, registrars and teachers.
- Server-calculated General Average with Incomplete handling and stale-edit protection; 53 unit tests and Playwright browser audits.

MediSched — Clinic appointment scheduling mymedisched.netlify.app

JavaScript · Supabase · PostgreSQL · Edge Functions · Netlify

- Patient booking with live slots, history and cancellation; staff workspace with QR check-in, consultation progress and analytics.
- Prevented double bookings with a PostgreSQL exclusion constraint and idempotent request IDs; 59 unit tests plus database integration tests.

ZolTrack — Maintenance & asset management zoltrack.netlify.app

JavaScript · Supabase · PostgreSQL · Netlify

- Role-based maintenance requests, inventory, borrowing approvals, notifications, audit log, charts and CSV reports.
- Atomic job completion with inventory deduction, server-side role checks and private document storage.

ResuMatch — AI resume and job matcher resumatch-ph.netlify.app

Next.js · TypeScript · Tailwind CSS · Gemini API · Supabase

- Scores how well a resume fits a job posting by quoting matching lines from the resume, then drafts a cover letter that only uses facts the resume has.
- Every quote checked word for word and the score computed by code, not guessed by the AI; 201 automated tests (unit, database and Playwright).

ZolTrack, ZolNutrition, MediSched, C'est Délicieux and Registrix include email OTP sign-up and code-based password recovery. Source code: github.com/jomari18

EXPERIENCE

IT Support Intern (On-the-Job Training) Jul 2025 — Nov 2025

Department of Agriculture · Information and Communications Technology Service, Quezon City

- Completed 300 hours supporting telephone and internet connectivity, coding and server-related work.

Academic & Group Projects St. Clare College of Caloocan

- Sole developer of the group projects that became ZolTrack, MediSched, C'est Délicieux and Registrix; helped classmates with academic programming tasks.

Other experience

- **Freelance Chat Support Specialist (Virtual Assistant)** · Feb–May 2025 — online communication and persuasive chatting for sales and support.
- **Digital Product Seller, Raket.ph** — created and marketed downloadable templates, eBooks and resources.
- **TikTok Affiliate Marketer** — promoted affiliate products through engaging TikTok content.
- **Buy & Sell** — bought and resold products online and offline.
- **Lalamove Rider** — delivered goods promptly with strong time management and customer service.

SKILLS

Frontend	JavaScript, TypeScript, HTML, CSS, React, Next.js, Tailwind CSS, Vite, Three.js, responsive and accessible UI
Backend & data	Node.js and Express REST APIs, Prisma, PostgreSQL, Supabase (Auth, row-level security, RPC functions, Edge Functions, Storage), Gemini API, Firebase/Firestore, Microsoft Access
Desktop & mobile	C#, .NET Windows Forms, Java (coursework), Capacitor for Android
Workflows	Email OTP verification and password recovery, JWT sessions with refresh tokens, offline sync, form validation, CRUD, role-based access
Tools & testing	Git, GitHub, GitHub Actions, Docker, Netlify, Render, Playwright, Vitest and Node test runner
IT support	Network and telephone connectivity, troubleshooting, server-related assistance

EDUCATION

BS Computer Science 2022 — 2026
St. Clare College of Caloocan City

Senior High School, ICT Strand 2020 — 2022
St. Clare College of Caloocan City

Junior High School 2016 — 2020
Dr. Rosita B. Britanico Academy

Elementary 2010 — 2016
Edosma Academy

CERTIFICATIONS

- **On-the-Job Training Certificate of Completion (300 hours)** — Department of Agriculture, issued January 2026
- **JavaScript Algorithms and Data Structures** — freeCodeCamp, December 2023
- **Introduction to CSS** — TESDA Online Program, March 2023

SEMINARS & EVENTS ATTENDED

- **Cyber Security Seminar** — Splash Island, Biñan, Laguna · November 2024
- **BSCS Seminar, Microsoft Philippines Facility Tour, and DOST Exhibits & Familiarization Tour** · November 2024
- **St. Clare College Investiture of Junior Student Professionals** · October 2024
- **Institutional Seminar: "Generative AI in Virtual Reality"** — Lubao, Pampanga · April 2024
- **International Convention and Launching of Life Skills, Education 5.0 and Digital Citizenship** · September 2023
- **Artificial Intelligence and Ethical Hacking Seminar Workshop** · November 2022
